

CLIMBING TO THE MOON

By: STELLA

Cameron was a rock climber. She
loved to climb cliffs, mountains
and sides of buildings.

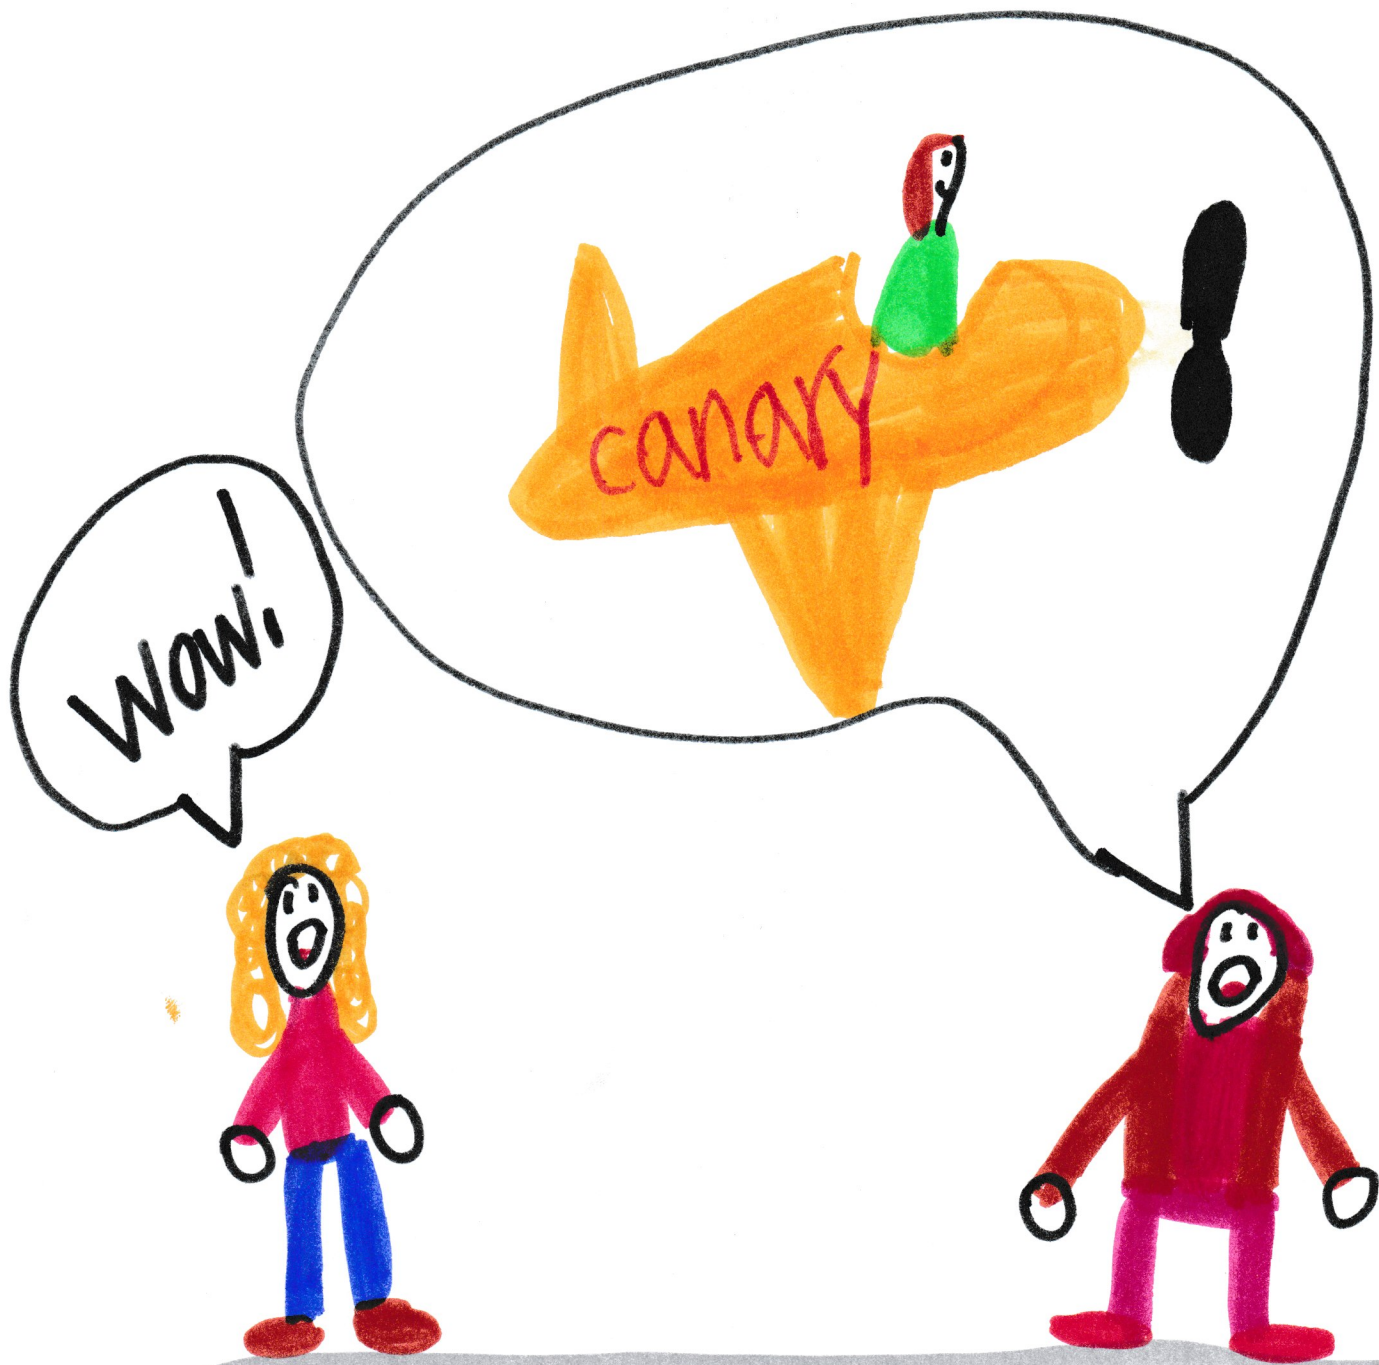

one Halloween cameraman was climbing the
Empire State Building. Someone put a picture
of a bat in a window. Suddenly a hole
opened in the ground.

Cameron was so scared about the bat, she lost her grip and fell in the hole! She spun around and saw rocket ships, stars, planets and almost crashed into..... A comet!

She jumped up when she felt she wasn't alone on the moon! She saw something walking in the distance. The stranger introduced herself and said she was Amelia Earheart!

Cameron asked Amelia how long she had
lived on the moon. She replied,
"January, 5th, 1939."

Amelia showed Cameron her cottage
and her garden where she grew moon
veggies. She used moon dust as seeds.

Cameron asked how she'll return to Earth.
Amelia said, "I'll fly you home in my plane
if you don't tell anyone about me. It is pleasant
here and I don't want anyone disrupting the peace."
