Kindergarten

Once upon a time, there was a unicorn named Rainbow.

One sunny day, she wanted to find a rainbow to take a walk on.

First she looked on a painting, but there was no rainbow.

Then she looked in the fireplace, but there was no rainbow.

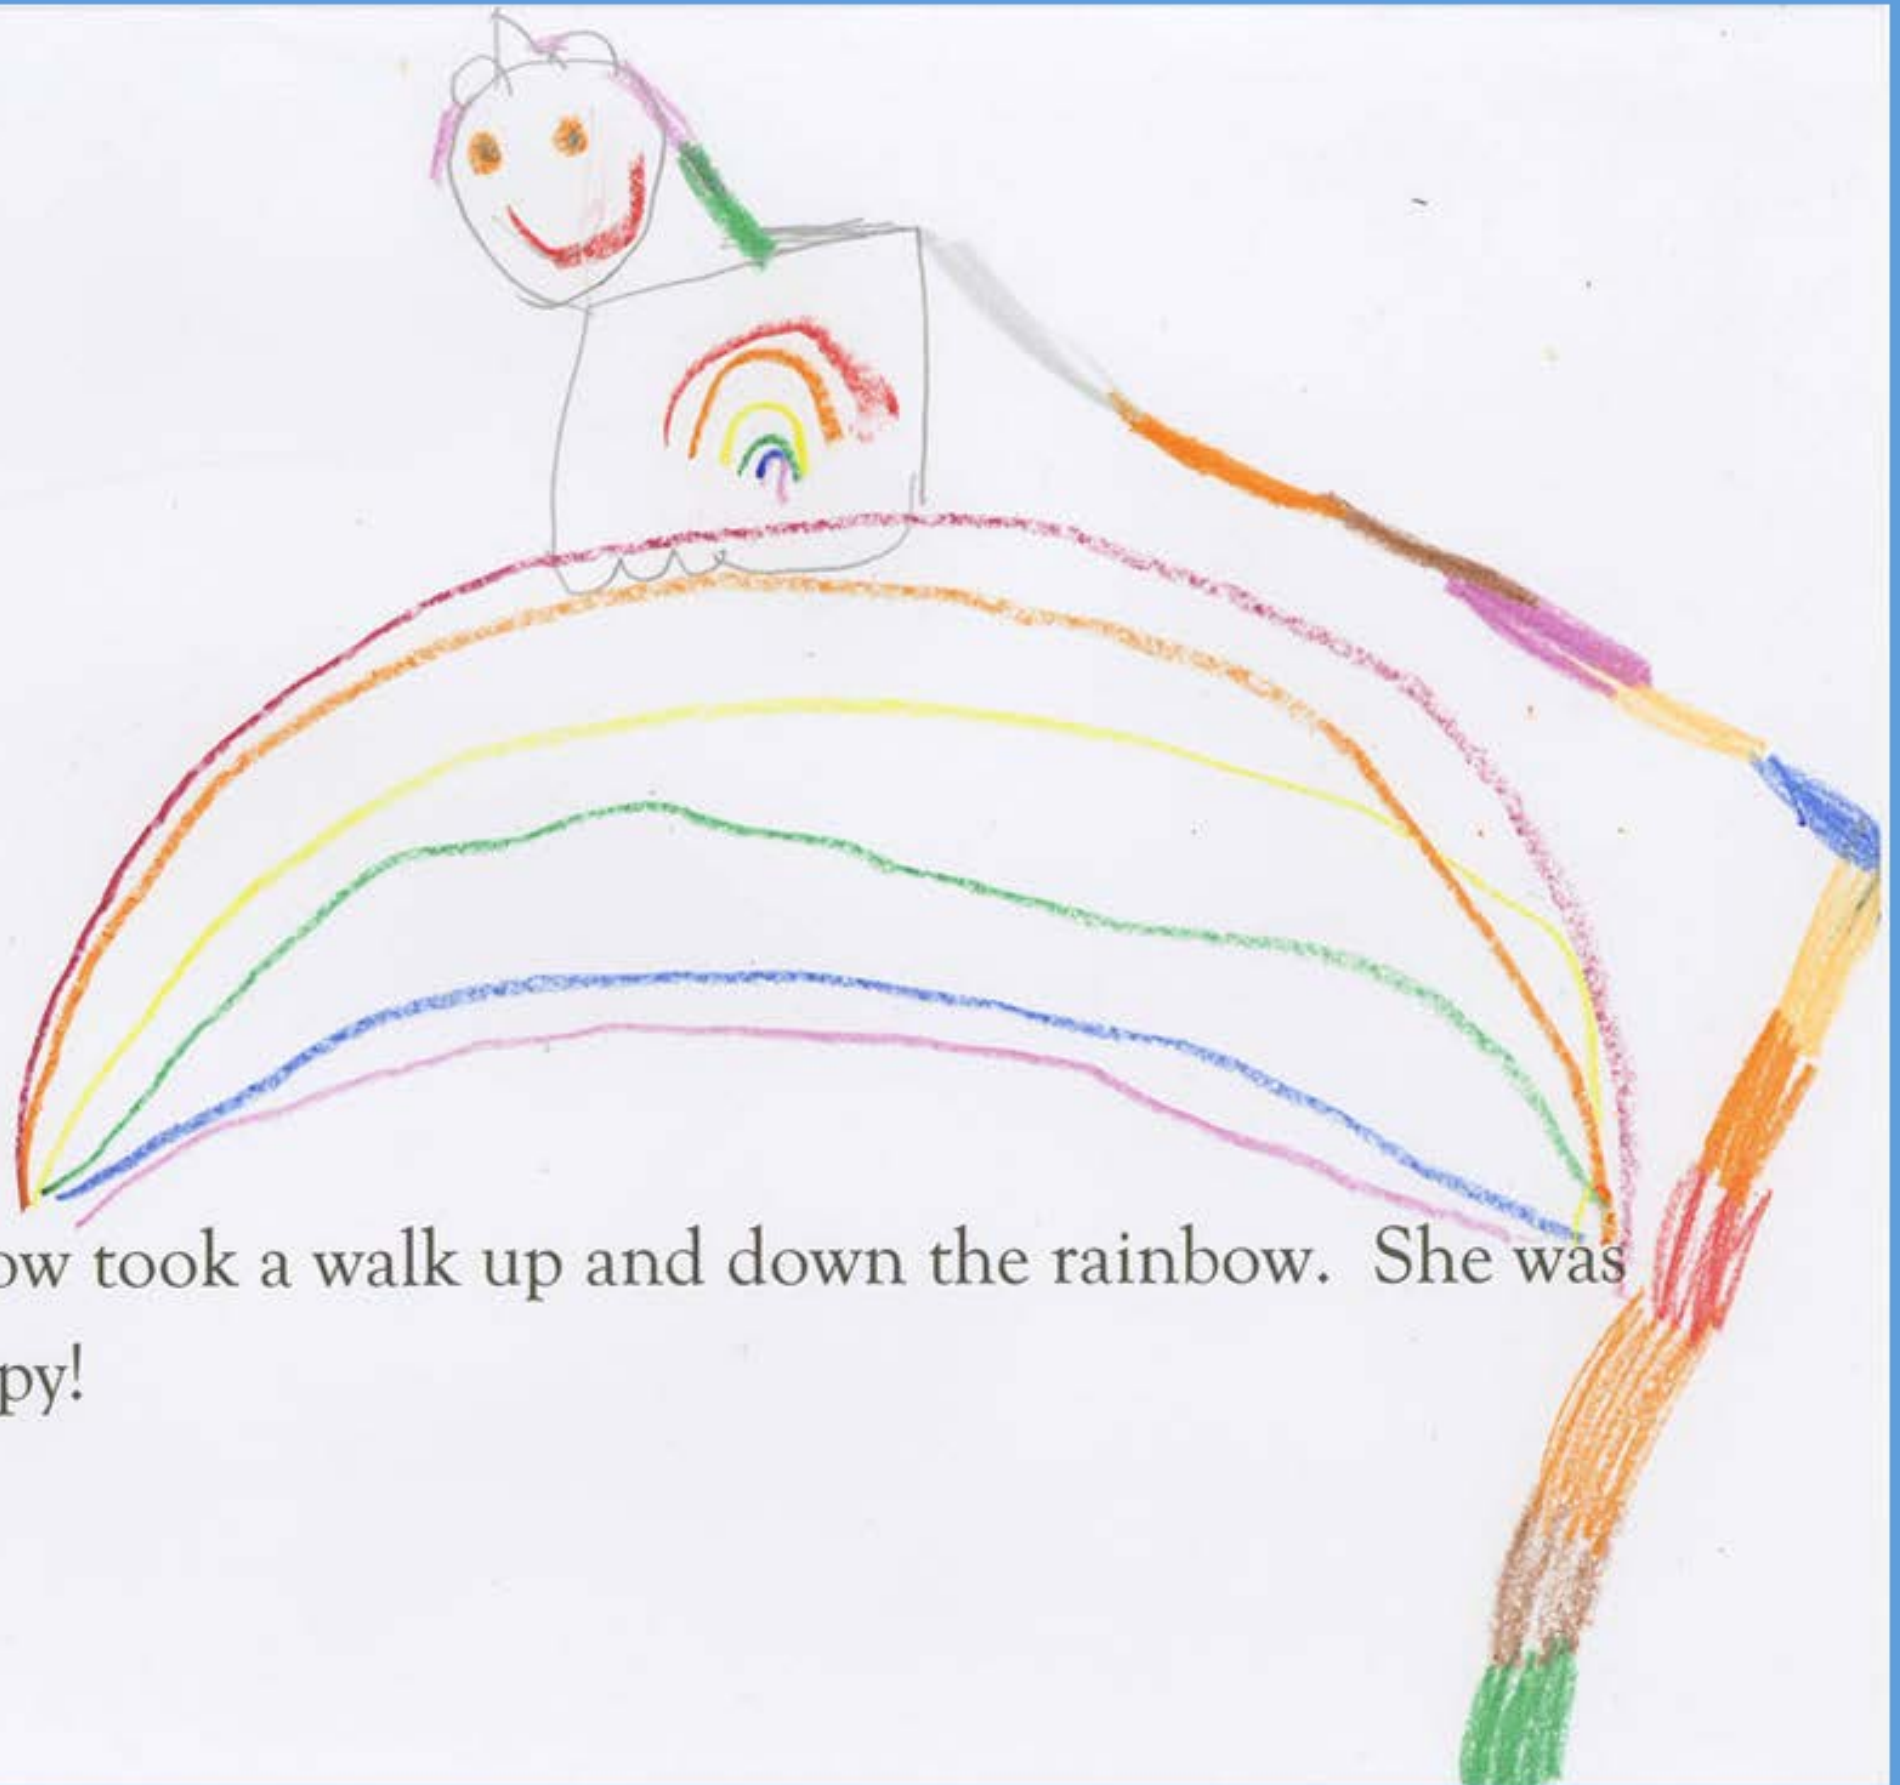

Next she went outside and looked in a tree, but there was still no rainbow.

After that, she looked in the flowers, but there was still no rainbow.

Then it started raining, and a rainbow finally appeared.

Rainbow took a walk up and down the rainbow. She was so happy!
